Subject: RE: Kampachi Follow-up

I checked with Jeaneanne and she said we should let the applicant know as Paul suggests.

Wouldn't that info be in the application which is a public document?- I don't think there's any reason not to share but maybe we could give the applicant a heads up that it is happening

Importance: High

For elevation- I received a call from Belinda on 14 asking if I would contact Tori Deal, Secretary Valenstein's secretary at FDEP (850.508.6148) and provide the Kampachi applicant's contact information at the request of the governor. Please advise.
